**Building
Confidence**

The 3's and Pre-K are encouraged to open their own food and drink. We work with them on the difficult items. Please help us by working with your child on: how to open the food container (including a thermos), putting the straw in the drink, peeling the cheese stick wrapper, and opening yogurt. There are certain things that you can do as parents to make lunch time easier. Most children cannot peel an orange (or do not have time to do it) – please send the orange peeled or sliced and put it in a baggie/container and start the cheese stick wrapper, Lunch at "big" school is very short so there is little time for waiting on an adult to open everything for them. We are building confidence which helps build good learners!
